7013388347

surisettyteja12695@gmail.com

D:NO: 12-16-48, near Aggimarri Chettu street, Gavarapalem, Anakapalli, Andhra Pradesh, 531002

### SKILLS

HTML	NodeJS
CSS	ExpressJS
JAVASCRIPT	MySQL
BOOTSTRAP	MongoDB
REACTJS	

### EDUCATION

#### Degree (Bachelor of Arts)

Andhra University

2022 - Ongoing

#### Diploma in chemical engineering

Government Institute of Chemical Engineering

2011 - 2015

### SOFT SKILLS

- Strong communication and collaboration skills.
- Eagerness to learn and adapt to new technologies.
- Detail-oriented with a focus on delivering high-quality work.

### PROFILE

Eager to embark on a career as a Full Stack Web Developer. Armed with a solid understanding of both front-end and back-end technologies, hands-on experience with **HTML**, **CSS**, and **JavaScript** for crafting dynamic and responsive user interfaces. Proficiency in server-side scripting languages such as **Node.js**, coupled with knowledge of database management systems like **MongoDB**, enables me to create seamless end-to-end web applications. Committed to continuous learning and excited to contribute my skills to a dynamic development team. A collaborative mindset, strong problem-solving abilities, and a dedication to creating innovative and efficient web solutions.

### PROJECTS

#### Social Media Application

- Website that allows users to create an account and login with their credentials to post's page and make, like, share and delete the post with a friendly user interface.
- **Key Contribution:** Designed and implemented the backend RESTful APIs using Node.js and Express.js and user-friendly interface using HTML, CSS, JavaScript.
- **Technologies:** HTML, CSS, BOOTSTRAP, JS, NodeJS, ExpressJs, MySQL
- **GitHub link:** <https://github.com/Teja12695/social-media>

#### Slot Booking Application

- Developed a web application for booking movie tickets, allowing users to browse movies and reserve seats. The application allows users to choose seats from an interactive seating chart, providing a visual representation of the theater layout.
- **Key Contribution:** Developed and implemented user authentication and authorization using JSON Web Tokens for login & registration pages. Integrated MongoDB & MySQL databases to store and retrieve user and movie information efficiently.
- **Technologies:** HTML, CSS, BOOTSTRAP, JS, NodeJS, ExpressJS, MySQL, MongoDB
- **GitHub link:** <https://github.com/Teja12695/slot-booking>
